JYOTHISH S L

Software Engineer – Intelligent Automation (RPA & AI)

Thiruvananthapuram, India | +91-7736419988 | jyothishsl08@gmail.com | LinkedIn: linkedin.com/in/jyothish-s-l-52446720b | Portfolio: jyothish-sl.github.io/jyothish-sl

PROFESSIONAL SUMMARY

Software Engineer with 1.10+ years building RPA solutions in Automation Anywhere A360, alongside AI-powered agentic workflows and RAG pipelines using LangChain, LangGraph, n8n, and FastAPI. Verified n8n Creator with a published GNN research paper (INCOFT 2025) and a track record of shipping both enterprise automation and AI systems to production.

TECHNICAL SKILLS

AI / LLM Engineering: LangChain | LangGraph | RAG | PGVector | Vector Databases | Prompt Engineering | LLM Integration | Ollama | Whisper API

Automation Platforms: n8n | Automation Anywhere A360 | UiPath

Databases: PostgreSQL | SQL Server | Oracle | SQL

Backend & APIs: Python | FastAPI | REST APIs | API Integration | JSON/XML Processing

Languages: Python, SQL, Java, C#

PROFESSIONAL EXPERIENCE

Software Engineer – RPA, Alzone Software Pvt. Ltd. *01/2025 – Present*
Thiruvananthapuram, Kerala, India

Client Engagements:

- Jan 2025 – Sep 2025: Mannai Corporate – RPA & Intelligent Automation Projects
- Oct 2025 – Present: Birlasoft & HP (Contract) – Enterprise Automation Project

Key Responsibilities & Achievements:

- Built AI-powered agentic workflows using n8n, LangChain, Ollama, FastAPI, and PostgreSQL to automate enterprise business processes.
- Developed Retrieval-Augmented Generation (RAG) solutions using LangChain and PGVector for semantic document retrieval.
- Designed REST APIs and backend automation services using Python and FastAPI, integrating Automation Anywhere scripts.
- Implemented Intelligent Document Processing (IDP) solutions using Automation Anywhere Document Automation, achieving up to 95% extraction accuracy.
- Developed, deployed, and monitored enterprise bots using Automation Anywhere Bot Creator, Control Room, AARI, AI Studio, and Workload Management (WLM).
- Delivered RPA solutions across finance, ERP, reconciliation, billing, payroll, and enterprise workflow automation.
- Built robust web automation using DOMX, API integrations, and JSON/XML data processing.

Software Developer Intern, Amrita Vishwa Vidyapeetham – ICTS *01/2024 – 02/2024*
Kollam, India

- Worked on Frappe Framework and ERPNext customization for enterprise applications. Developed custom DocTypes, server scripts.

PROJECTS

Automation Anywhere Projects

- **PDF Order Creation (Birlasoft & HP):** Developed an automation solution using Automation Anywhere A360 and Document Automation.
- **Intelligent Travel Brochure Agent:** Developed an autonomous AI agent using Automation Anywhere A360 (Agentic) to automate travel brochure distribution.

- **Bank Reconciliation Automation:** Developed an end-to-end automation using Automation Anywhere A360 to process bank transaction files.
- **Dhareeba Contract Reporting:** Automated daily tax filing using Automation Anywhere A360.
- **In-house Loan Processing (Document Automation):** Built an end-to-end automation using Automation Anywhere A360 to process loan documents.

AI Automation Projects

- **AI Knowledge Base Assistant (RAG) | n8n, LangChain, PGVector, Ollama:** Developed a Retrieval-Augmented Generation (RAG) system that processes PDFs, CSV, JSON, XLS/XLSX, and text files into a searchable AI knowledge base with semantic search and Telegram chatbot integration.
- **AI Email Ticket Classification System | n8n, Gmail API, PostgreSQL, Ollama:** Designed an automated support ticketing workflow that classifies Gmail support emails using AI, generates ticket IDs, assigns support agents, stores records in PostgreSQL, and sends automated responses.
- **AI Voice Assistant for Email & Calendar Automation | n8n, Ollama, Whisper, Telegram:** Built an AI-powered voice assistant that converts Telegram voice/text messages into professional emails and Google Calendar events using Whisper speech-to-text, Ollama LLMs, and human approval workflows.

CERTIFICATIONS

- **AI Automation Engineer Certification —** Automation Anywhere (2026)
- **Advanced Automation Certification —** Automation Anywhere (2025)
- **Document Automation Masterclass —** Automation Anywhere (2026)
- **Agentic Process Automation Developer Masterclass —** Automation Anywhere (2025)
- **Agentic Process Automation Leader Masterclass —** Automation Anywhere (2025)
- **UiPath Automation Courses (Introduction, Variables, Excel Automation) —** UiPath Academy
- **Professional Certificate in n8n Program Completion —** n8n Academy
-

RESEARCH AND PUBLICATIONS

Proceedings of the 3rd International Conference on Futuristic Technology (INCOFT), 2025, INCOFT 2025, Vol. 2, pp. 93–104 | SciTePress | DOI: 10.5220/0013587700004664

Proposed a hybrid GNN framework combining Sentence-BERT embeddings and Graph Auto-Encoders (GAE) to capture semantic and structural text relationships, outperforming traditional text classification methods.

01/12/2025

HONORS AND AWARDS

Alzone Software Rising Star, Alzone Software

- Recognized for outstanding performance, rapid skill development in RPA and automation delivery, and impactful contributions to enterprise automation projects.

01/12/2025

EDUCATION

Master of Computer Applications (AI and Data Science) *08/2023 – 08/2025*
Amrita Vishwa Vidyapeetham, Amritapuri

- CGPA: 8.77 / 10

Bachelor of Science in Computer Science 03/2020 – 03/2023
Mar Thoma College of Science and Technology, University of Kerala

- CGPA: 7.77 / 10

ADDITIONAL INFORMATION

- **Nationality:** Indian
- **Visa Status:** Indian passport holder — *[Need Visa]*
- **Notice Period:** 90 days
- **Willingness to Relocate:** UAE / Saudi Arabia / Gulf region
- **Languages:** English, Malayalam, Hindi
